PROFESSIONAL SUMMARY

Laravel Developer with over 1 year of professional experience in PHP, Laravel, MySQL, and RESTful API development. Skilled in SaaS application development, database management, authentication, third-party integrations, and backend feature implementation.

PROFESSIONAL EXPERIENCE

Junior Laravel Developer — Softvence Delta November 2025 – Present

Dhaka, Bangladesh

- Develop and maintain backend features for web applications using Laravel, PHP, and MySQL.
- Design and implement RESTful APIs for application features and third-party integrations.
- Work with Eloquent ORM, database relationships, and SQL queries to support application functionality.
- Integrate external services and support payment-related workflows and notifications as assigned.
- Collaborate with frontend developers and team members using Git-based development workflows.

FEATURED PROJECTS

Bokli — Smart Booking & Business Management SaaS **Live Website**

Developed APIs for booking, dynamic scheduling, staff allocation, and multi-branch management. Implemented booking lifecycle features, including rescheduling, cancellations, and automated reminders. Contributed to payment integration, refund processing, transaction tracking, and business reporting.

Tech Stack: Laravel (Backend API), PHP, MySQL, REST APIs

MindUnite — Professional Networking Platform **Live Website**

Developed Laravel APIs for admin dashboards, institution and student reporting, university and facility management, and category management. Implemented user profiles, company pages, and social interactions, including follow/unfollow, likes, comments, and replies.

Tech Stack: Laravel (Backend API), PHP, MySQL, REST APIs
